October 31, 2021

Dear Authors and Readers,

The Journal was founded by the Society for Risk Analysis – China (SRA-China) in July 2011. As a SRA-China official publication, JRACR aims to promote the development of science and technology in the field of risk analysis and crisis response, to provide an international forum for sharing theory and applications the field, and for exchanging the research findings and case studies. The journal is considered as an international journal publishing papers in science and technology rather than policies and regulations.

JRACR was published by Atlantis Press from July 2011 to July 2021. However, Springer Nature officially completed the acquisition of Atlantis Press on March 10, 2021. Springer Nature officially announced the termination of the publishing cooperation agreement with JRACR from July 30, 2021. In view of this, JRACR signed a PKP PUBLISHING SERVICES: HOSTING SUPPORT AGREEMENT with the SIMON FRASER UNIVERSITY, PKP PUBLISHING SERVICES (“PKP Services”) on August 10, 2021. According to the above agreement, JRACR will be hosted and published in Public Knowledge Project – Open Journal Systems since Volume 11, Issue 3.

Thank you very much for your support to our journal.

We look forward to receiving you and your friends’ more contributions and attention.

With kind regards
